

Ronald McDonald
House Charities®
Greater Western Sydney

OUR HERO DAY!

In support of Ronald McDonald House Charities Greater Western Sydney and every day heroes just like Ava, **we are hosting a hero day!**

Ava, at just 4 years old was diagnosed with Acute Lymphoblastic Leukaemia, an aggressive form of blood cancer. While Ava received critical care, Ava and her family called Ronald McDonald House Westmead home for 280 nights.

Students and teachers are being asked to dress as their favourite everyday hero or wear orange & blue, and bring a donation to support Ronald McDonald House Westmead.

In the past year alone, over 2,100 families from regional and rural Australia have stayed at Ronald McDonald House Westmead. Allowing parents and carers to focus on what is most important, the health of their child. All funds raised on the day will ensure this vital service can continue.

"Ronald McDonald House Charities helped us not only survive but thrive during the hardest time in our lives" Ava's Dad, Andrew

Please join us and be the hero that helps ensure the next seriously ill child is supported when they need it the most
